

Drone: Exploring the World Through the Drone Camera

Welcome to Drone Flight Basics!

In this lesson, you'll learn how to use the drone's camera to capture images from the air. This feature is perfect for documenting your missions and exploring the environment.

Drone Camera

What is the outcome of this launch? What is the outcome of this launch?

Show your instructor the image captured by the drone.

Now It's Your Turn!

Experimenting with Drone Movement

Start with the drone on the red platform.
Perform the following sequence of flips:

- **Mountain Peak:** Fly to the tallest peak in the environment and capture an image.

Motivational Closing Line: *"Your drone is not just for flying—it's your eyes in the sky!"*
